

Mittersill Alpine Resort

Timeshare Owners & Members

Day Use of Resort Facilities

It has always been the position of the Association that the Timeshare Owner shall have the right to use the facilities on a seasonal basis. However, such use is subject to the preferential rights of other Timeshare Owners and persons occupying Units at the time, and such other terms and conditions as the Trustee may reasonably prescribe.

Day use of Resort Facilities procedures are as follows:

- Day use privileges may only be extended to Owner/Members named on and according to the signed Agreement.
- Day use privileges may only be extended to Owner/Members with advance confirmation from Mittersill management.
- Owner/Members must be present at all times with any guest or visitor.
- Owner/Member day use of the facilities are non-transferable.
- All day use visitors must register at the Front Desk.
- Owners/Members must be 21 years or older and adhere to establishment policy as posted.
- Number of visitors cannot exceed occupancy limit as listed on the Mittersill Agreement.
- All day use Owner/Members must provide valid identification for ownership and address verification.
- Day use privileges are available during regular hours of operation.
- Members and day use visitors may not interfere with the Resort's rules and regulations, and may not interfere with established employee policy and procedures.
- Day use privileges are subject to change.

THANK YOU!
